

## PRODUCT INFORMATION SHEET

# AUGAM Protective spectacles transparent uni

### Product description

AUGAM safety glasses offer advanced eye protection thanks to their innovative and modern design. The frames, lenses and temples of the glasses are made of polycarbonate (PC), a material known for its strength and impact resistance. The soft rubber nose pad is flexible and adapts to the wearer's face. The lenses are also equipped with an anti-scratch coating, which increases their resistance to scratches. Temples without bent tips make the glasses possible to be used under a helmet.

### Characteristics

- frame material: polycarbonate (PC);
- lens material: polycarbonate (PC);
- temple material: polycarbonate (PC);
- nose pad material: rubber;
- lens designation: H EN166 FT CE - 2C-1.2 H 1 FT CE;
- lens filter 2C-1.2 (EN 170);
- manufacturer identification code - H;
- applicable standard EN 166:2001/EN 170:2002;
- lens optical class 1;
- impact resistance F (45 m/s);
- resistance to high velocity particles at extreme temperatures T;
- longer, straight and soft temples without bent tips;
- nose pad: soft, flexible, adapting to the user, ensuring a fit without pressure;
- coating: anti-scratch (external side resistant to scratches);
- PPE category - II;
- CE conformity mark;
- protective filter: UV 380;
- metal-free product;
- lens colour: transparent;
- product weight [g]: 21.
