

SDS+ masonry drill bit

Description

Professional SDS plus drill bits designed for drilling in brick, stone, concrete and reinforced concrete. Drill bits accept all drills with an SDS-plus handle.

Characteristics

- 4x90° special geometry of tip makes drilling faster and reduces the risk of the drill jamming, even during work with reinforced bars
- double volute for fast evacuation of swarf and high efficiency
- centring tip facilitates an easier start to drilling
- SDS plus handle for fast drill bit changes
